Rare opportunity to occupy an executive hangar at King County International Airport. KCIA—also known as Boeing Field—is one of the busiest primary non-hub airports in the nation. Adjacent to I-5 and just four miles south of downtown Seattle. With its two runways (3,710 feet and 10,000 feet in length) and three fixed base operators, KCIA provides all the facilities and services necessary to support jet and propeller driven aircraft and helicopters. Call today to secure your hangar.
